sven's island

POTENT SKIN HEALING

Great Barrier Island in New Zealand is like no other island. Formed from ancient volcanoes, it has a beautiful and resilient ecosystem. It is where Sven's Island harvests ingredients to make uniquely potent skincare.

The plants on Great Barrier Island have high concentrations of organic essential oils in their foliage. This means Sven's Island skincare contains up to triple industry standard active ingredient percentages with nothing artificial - just what grows on the island! It's raw effectiveness, straight from the source.

When applied to skin these ingredients fight off invasive microbes, nourish and protect. Their function is to keep your skin safe, youthful and clean, no matter what skin type you have.

Your skin is the great barrier between you and the outside world. When it is well, you are well.

"Dear Passengers,

My name is Captain Elif and it is my pleasure to be one of the many female Captains here at Jazeera Airways.

I started my professional career as a teacher in Izmir, in my home country of Turkey and soon realized that I had a passion for developing people and inspiring young people to achieve their dreams.

Soon I became aware of my love for aviation, first working in airport ground operations to learn the industry before becoming enrolled in flying school. I began training to become a pilot in 2011 and qualifying in 2013.

I am proud to be the first ever female First Officer to be upgraded to Captain here in Kuwait!

I love my job because every day is different, I am very lucky to be able to travel to many new places and experience new things. I love taking care of my Passengers and taking them safely to their destinations.

Here at Jazeera we are passionate about developing female talent in all areas of our business, from head office, ground operations, maintenance, engineering, cabin crew, first officers and pilots. My message to any young women is to stop doubting yourself and follow your dreams, as I have...

Best Wishes,

Captain Elif

P.S. You can follow my aviation adventures on my Instagram
